

Basic Pricing for Dijifi Services

A majority of our clients need us to provide the following services. While we do a lot more, here is most of what people ask us for. We have free pick up and delivery in NYC area for larger orders and also provide pick up and delivery at \$15 per direction. We have volume discounts. These are retail prices and we have discount prices for larger volume orders for cash or check payments. While we do burn to CD or DVD, we no longer recommend such formats as they are becoming obsolete.

Video Services

Consumer Tape Conversion to MP4

NTSC VHS, HI8, MiniDV -

1 Hour = **\$20**

Each additional Hour = **\$15**

PAL or Other non NTSC prices differ.

Note - repair and extra cleaning is additional cost depending on type of tape; additional hours charged at **\$25 per hour**.

Photo Services

We provide either standard resolution level or full resolution and resolutions vary depending on type of media. We also provide either raw scan, direct scan or complete scan services. Majority of our clients ask for full resolution with direct service which means image is captured at higher resolution to allow for HD viewing and is edited for specks, rotation and cropping.

Photo Prints - standard sizes

Prints (up to 5x7):

Standard Resolution (300 dpi) -	Raw = \$.50 /each;	Direct = \$.70 /each;	Complete = \$.90 /each
Full Resolution (600 dpi) -	Raw = \$.70 /each;	Direct = \$.94 /each;	Complete = \$1.10 /each

Prints (up to 8.5x11):

Standard Resolution (300 dpi) -	Raw = \$1.08 /each;	Direct = \$1.59 /each;	Complete = \$1.85 /each
Full Resolution (600 dpi) -	Raw = \$1.41 /each;	Direct = \$1.80 /each;	Complete = \$2.55 /each

Prints (up to 12x17):

These all run on our extra large scanner regardless of resolution (we can do both 300 dpi and 600 dpi)

Raw= \$4.70	Direct= \$9.95	Complete= \$15
--------------------	-----------------------	-----------------------

Larger photo prints, book pages, album covers, art etc

Prints larger than 12x17 do not fit onto our flatbed scanners and must either be scanned in pieces and digitally stitched, or re-photographed on our copy stand. The pricing for these Extra Large prints depends on the size, but starts at **\$15 per stitch**

Film negatives photo (larger size negatives can also be converted)

35mm Negatives:

Standard Resolution (2500 dpi) - Raw = \$.66 /each;	Direct = \$.73 /each;	Complete = \$1.10 /each

Medium Format Negatives (120/220):

Standard Resolution (1500 dpi) - Raw = \$3.50 /each;	Direct = \$3.75 /each;	Complete = \$4.50 /each
Full Resolution (3000 dpi) - Raw = \$6.00 /each;	Direct = \$7.00 /each;	Complete = \$8.00 /each

Large Format Negatives (4x5, 8x10):

Standard Resolution (4x5 is 600 dpi; 8x10 is 300 dpi) - Raw = \$5 /each;	Direct = \$6 /each;	Complete = \$7 /each
Full Resolution (4x5 is 1200 dpi; 8x10 is 600 dpi) - Raw = \$7 /each;	Direct = \$10 /each;	Complete = \$12 /each

Slides - standard size slides

35mm Slides:

Standard Resolution (2500 dpi) - Raw = \$0.61 /each;	Direct = \$0.72 /each;	Complete = \$1.10 /each
Full Resolution (4000 dpi) - Raw = \$0.86 /each;	Direct = \$0.95 /each;	Complete = \$1.35 /each

APS/110/126/super slides:

Standard Resolution (2500 dpi) - Raw = \$1 /each;	Direct = \$1.25 /each;	Complete = \$1.50 /each
Full Resolution (4000 dpi) - Raw = \$1.55 /each;	Direct = \$1.79 /each;	Complete = \$1.99 /each

Audio Services

We convert to **WAV** files but can also handle other formats including **MP3** and **FLAC**. Our services includes either raw transfer which transfers audio as it was recorded originally or as a complete service where we separate tracks and also do editing including eliminating hiss and we normalize the sound. Price below is for WAV capture **RAW service**.

Cassette - one or two sided - we capture both sides. **\$18**

LP / vinyl record - all speeds - both sides. **\$18**

Audio reels

3"-5" **\$18**

5"-7" **\$24**

7"-10" **\$28**

ADAT DAT tapes - both sides transfer. **\$30**

Film Services

We transfer 8mm, super 8mm, 16mm as well as sound. Our standard service includes cleaning, audio syncing and raw transfer. We can either transfer the film in standard definition which is same as DVD quality and HD which is blue ray quality i.e. 1080 dpi. We charge based on length of tape i.e. number of feet. We have two levels of service - direct and complete. The basic difference is that with complete we do color correction. We recommend HD complete service.

Our price depends on the length of the film which can be estimated based on the size of the reel.

HD Direct service = \$0.45/ft

HD Complete Service = \$0.61/ft

We charge extra for **sound transfer** at **\$0.25/ft**. For extra **cleaning and repair**, we charge **\$0.12/ft**. Our prices includes standard color correction for complete service but if additional work is required, we charge based on amount of time needed to correct after we get approval from client.

DVD & CD Services

We transfer video to DVD and duplicate DVD or we transfer sound or photo to CD. Many of our clients also want us to transfer DVD or CD to digital version on a hard drive so they can destroy the originals. We have quantity based pricing.

DVD

1	\$15
10+	\$7
25+	\$5
50+	\$2.75

CD

1	\$15
5+	\$7
10+	\$5
50+	\$2
100+	\$1.50

Digital Transfer and Storage

We transfer to your hard drive or USB drive if you bring one in or we can sell one. We can source any size but most of our clients do not need more than **1TB**. If you bring in your drive, we charge **\$15 to transfer to your drive**. This is to cover our cost of data storage and time spent to do the transfer. We can also FTP transfer or dropbox transfer the data at **\$15 per 500MB of data transfer**. We keep your video file data for up to **30 days using Air Labs cloud storage for free** and you can have access to the data on that service for 30 days without charge but you must continue service thereafter for an extra fee or files are erased. For photo and audio, we keep files on our servers for **up to 30 days**. If you want longer data storage with us, you must make advance arrangements for **cold data storage at \$15 per month** for up to 1TB of data.

USB 1TB HDDs with file loading, starting at **\$85**

USB 8GB+ Thumb drives with file loading, starting at **\$32**

Dijifi is proud to partner with AirLabs, providing video and film cloud services, **30 days for free** for qualifying customers.

Technology Services

We recover data on computers and hard drives as well as transfer from old hard drives and systems to newer central NAS drives data or the cloud for our clients. This is custom work with standard pricing. We also recover data from older data storage formats such as floppy disk.

Per disk transfer price depends on volume, but standard price per disk is **\$20** and for larger orders prices are as low as **\$5** (more than 10 disks)

Blue screen of Death? Black screen of nothing? Sad Mac Computer (X_X)?

Bring it to us, we'll look into the issue. If the data is intact, we can back it up.

Need to your computer to look and feel like new again?

Restore OS to factory settings on Windows, Mac OS, or Linux systems

Restore OS = **\$150**

Restore OS with backup of personal files starting at **\$175**

Virus and Malware issues?

We will remove the pesky bugs crawling around your registry.

Standard Removal = **\$125**
